	High win coaches selected using pro-football-reference.com statistics.																						
	Final Rating averages the 7 key categories in blue columns using only a half weighting of Years Coaching.																						
	Our unique major ranking categories using base data in green categories.																						
	Base research data to compute 7 final categories (blue columns); Championship Rating is championship wins/ appearances per year coaching.																						
	* Curly Lambeau coached largely in an era where there was one, nine team division and no playoffs, which we adjusted stats for.
